

**AGE GRADE 4 +**

This package includes:

## Unpacking your ZhuZhu™ City Ferris Wheel with Tunnels

Remove all contents from package and discard any rubber bands, wire ties or other packaging materials that are not part of the product.

### Please Note

- Retain these instructions as they contain important information.
- Read all of the instructions before assembling your Ferris Wheel with Tunnels Set.
- Some adult assembly is required.
- The ZhuZhu™ Ferris Wheel with Tunnels is a toy. It is not intended for use with live animals.

The Ferris Wheel with Tunnels is made to be used with ZhuZhu™ Hamsters which are sold separately. The Ferris Wheel with Tunnels works best on an open floor.

For more information on the ZhuZhu™ City Ferris Wheel with Tunnels and other ZhuZhu™ add-on sets and accessories please go to:

**www.zhuzhupets.com**

## Assembling your ZhuZhu™ City Ferris Wheel with Tunnels

The Tunnels can connect to other playsets from the world of ZhuZhu™ City.

### 1. Assembling the Ferris Wheel

- A.** Align the hole in the BACK of the Ferris Wheel to the arm at the top of Ferris Wheel base.
- B.** Push the Wheel onto the arm until the end of the arm pops through the other side and snaps into place.

**NOTE:** Hamster will not make specific noises and actions without going through the Tunnel in the same direction as the engraved message on Tunnel floor.

### 2. Assembling the Tunnels

- A.** To attach the Tunnel Top, press one post on the Tunnel Top into the hinge notch on the matching Tunnel Base. Snap in the other post.
- B.** Close the Tunnel Top, noting how the other side of the top snaps into place.
- C.** Assemble all three Tunnels as you see below:
- a.** Large Tunnel connects to other sets
- b.** Medium Tunnel with angled top
- c.** Short Tunnel connects to the Wheel

### 3. Connect the Tunnels and the Ferris Wheel

- A.** Starting with the Ramp and using the included Connectors, connect the Tunnels in the order shown below.
- B.** Line up the angular Tunnel end with the base of the Wheel and insert the two tabs on the Tunnel with the two openings on the Wheel. Push the tabs into the openings.
- C.** Attach the Sign to the large Tunnel by positioning the Sign's posts above the matching holes on the Tunnel and pressing down until they are a snug fit.

### 4. Let your ZhuZhu Pet™ play in the Ferris Wheel

- A.** It's now time to play with your ZhuZhu Pet™! Point your Pet toward the Tunnel and tap on the button on the back and watch him Zhu-oom into the Tunnels!
- B.** Your ZhuZhu Pet™ will run into the Ferris Wheel, and make it spin!
- Disassembly**  
To remove the Ramp or Connector, gently pull apart from the bottom.

**NOTE:** The Connectors should only be used to connect to other tracks and playsets in the ZhuZhu™ City line. If used without attaching it to another set, the Connectors may interfere with play.

### Troubleshooting

- The ZhuZhu Pet™ is designed to act randomly and unpredictably, so it may not act the same each time in the Ferris Wheel.
- If the ZhuZhu Pet™ gets stuck entering the Tunnels or Ferris Wheel, check all the snaps and Connector junctions.
- Your ZhuZhu Pet™ works best on smooth, hard, even surfaces. It will not work in water, carpet, or other soft surfaces. Do not use in sand or grass.
- The Ferris Wheel with Tunnels Set works best outside the track and on other open surfaces.
- If the ZhuZhu Pet™ does not move in the Ferris Wheel, make sure the wheels are still lined up with the inner surface of the Ferris Wheel.

**• HAMSTER SOLD SEPARATELY!  
• DO NOT PUT HAMSTER IN WATER!  
• KEEP HAIR AWAY FROM WHEELS!**
