Two Ways to Play

The Police Car can be used as a standalone item, or with the Tunnel and connect to other play sets from the world of ZhuZhu™ City.

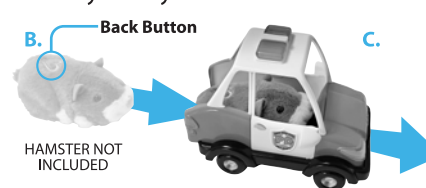

1. Using Hamster with Police Car

A. Place the Hamster on the ground and align it behind the Police Car.

B. Press the button on the Hamster's back.

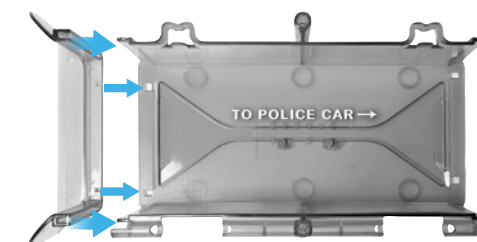

C. Watch the Hamster run across the floor, into the Police Car, and Zhu-oom off to a day of city fun.

NOTE: Hamster will not make specific Police Car noises and actions without going through the Tunnel in the same direction as the engraved message on Tunnel floor.

2. Using Police Car with Tunnel

A. Attach the Ramp to the opening of the Tunnel **before** the engraved message: **TO POLICE CAR →**. Start at the top and snap the Ramp down into place.

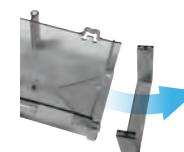

NOTE: The Connector should only be used to connect to other tracks and playsets in the ZhuZhu™ City line. If used without attaching it to another set, the Connector may interfere with play.

Troubleshooting

- The ZhuZhu Pet™ is designed to act randomly and unpredictably, so it may not act the same each time in the Police Car.
- If the ZhuZhu Pet™ gets stuck entering the Tunnel and Police Car, check all the snaps and Connector junctions.
- Be sure the Police Car is snugly located against the lead edge of the Tunnel.
- Your ZhuZhu Pet™ works best on smooth, hard, even surfaces. It will not work in water, carpet, or other soft surfaces. Do not use in sand or grass.
- The Police Car works best outside the track and on other open surfaces.
- If the ZhuZhu Pet™ does not move in the Police Car, make sure the wheels are still lined up with the openings on the bottom of the Car.

Disassembly

To remove the Ramp or Connector, gently pull apart from the bottom.

- **HAMSTER SOLD SEPARATELY!**
- **DO NOT PUT HAMSTER IN WATER!**
- **KEEP HAIR AWAY FROM WHEELS!**
